mr.steam®

Feel Good Inc.®

## SteamTherapy®

SteamTherapy merges scent, light, sound, and steam; a veritable melding of the senses.

Steam cleanses and nourishes the skin, its warm moisture opens your pores, and makes your skin soft and supple. MrSteam created SteamTherapy to promote the therapeutic benefits of steam.

Steam may enhance your breathing, promote restful sleep, and leave you with a sense of tranquility and pure feeling of wellness.

A person is seen from behind, standing in a steam bath. The person is wearing a dark, possibly black, garment. The steam bath is enclosed in a glass enclosure with a metal frame. The steam is thick and white, filling the space. In the foreground, there is a white, curved, tufted bench. To the left, there is a basket of blue towels. The floor is made of light-colored tiles.

STEAMTHERAPY BEGINS WITH THE PRECISE CONTROL OF HEAT AND WATER, WHAT FOLLOWS IS SIMPLY UNCONTROLLED BLISS.

---

# The Intelligent Steam Bath™

Arthur Sussman, the original “MrSteam,” introduced the world to many of the first patented steam technologies from US Navy boilers, to steam irons for the garment industry.

MrSteam continues Arthur’s tradition of innovation with the unsurpassed design of steam systems and accessories, moving the world from the mechanical into the digital, with best in class, state of the art steam generators, controls, and experiences.

## The MrSteam Generator\*:

- Exclusive microprocessor operating system
- Single operating platform- from basic installation to the most elaborate spa components
- Precision temperature probe for optimal steam shower temperature control
- Replaceable industrial grade heating elements
- Easy-to-add plug and play accessories can be installed up to 60 feet away from the steam shower
- Every generator comes standard with AutoSteam® for an even flow of steam
- Works with all MrSteam controls: iTempo, iTempoPlus, AirTempo and iSteam
- All generator models are cULus Listed
- Limited Lifetime Warranty

## Linear SteamHead™

*“Shhh!... do you hear that?”*

With the Linear SteamHead’s quiet, gentle, and even dispersion of steam, you’ll hardly know this steam-head is there.

This patent-pending, SteamHead is unique, there isn’t anything like it. Its one of a kind.

The Linear SteamHead is impeccably designed and is a feat of engineering. By using the aluminum extrusion manufacturing process, MrSteam created a one piece integral extrusion, without seams, joints, or moving parts.

*There’s so much more here than meets the eye!*

The Linear SteamHead has extruded baffles to reduce steam velocity, an expansion chamber to

reduce noise, anti-binding end caps, integral assembly bosses for a higher integrity seal, as well as an anodized anti-corrosion finish.

The sleek and simple unit is designed to fit between two 16” on-center studs, which makes for an easier installation\* and an aesthetically pleasing finish. It virtually disappears into your steam shower wall and truly has distinctive beauty.

The Linear SteamHead is the perfect combination of innovation and quality. So, it comes as no surprise to see the excitement from Designers, Builders, and Home Owners alike;

*“Wow,Wow,Wow” is a very common reaction!*

## iSteam® Control

The iSteam's feature-rich menu offers an unsurpassed, customizable user experience.

With a swipe of the finger, the iSteam's intuitive touch screen navigation allows the user to effortlessly control temperature, time, aroma infusion, chroma lighting, audio entertainment, and overall steam system functionality.

With its stunning graphic interface and bespoke design by renowned Industrial designer David Farrage, the iSteam evokes elegance.

Manufactured with the highest quality fused silica glass and polished cast aluminum, iSteam is designed with a Moisture Protection of IP-67 and can be immersed up to three feet of water.

The iSteam's display incorporates AutoStart, a real-time clock, ambient temperature, and individual user preference settings.\*

With the optional Bluetooth® Audio Wizard System, iSteam can pair up to eight devices and four in-shower speakers.

The iSteam's intuitive touch screen navigation allows the user to use a swipe of a finger to effortlessly control overall steam system functionality\* such as:

- Temperature
- Time
- Aroma Infusion
- Chroma Lighting
- Music Therapy

iSteam's accessories include optional chromatic lighting, music amplifier and aromatic infusers to transform your shower into a luxurious spa.

iSteam employs an exclusive three-tier safety system with pass code protection, temperature limit and time-out features built to ISO-9001:2008 certified processes.\*

The iSteam control comes with a matching steamhead.

*Available in Black or White.*

## AirTempo™ Control

Wireless. Untethered by the fuss of cables, the wireless AirTempo Control offers a “nomadic” way to control your steam.

With its exquisite waterproof design, the AirTempo Control can be easily installed\* on almost any steam room wall - even on a glass wall.

LCD icons provide status indication during the steam bath session.

The touch screen’s auto-fading display remains lit while adjusting your preferences, including temperature, duration, AromaSteam and ChromaSteam® lighting.

The display then fades to energy saving mode allowing for an uninterrupted steam bathing experience.

The LEDs blink periodically for visual indication of the steam generator mode.

---

The electronic panel of the AirTempo is 100% waterproof and can be immersed in three feet of water.

The battery cover features an elastomer seal. A simple quarter turn locks the cover in place, creating a water tight seal enclosure.

The AirTempo is a battery powered control. Two long-lasting lithium cell batteries allow for at least six months of operation when the steam room is used

daily for 20 minutes.

The AirTempo comes with a matching finish steamhead.

*Available in Black or white fascia. Six designer finishes available for surface bezel and for flush mount kits.*

## iTempo® Control

It's never been easier to optimize your steam shower experience!  
The Mr. Steam iTempo control features a digital display, with adjustable temperature settings.

### The iTempo Plus® Control\*:

- Flush-mounted
- Available in round or square styles, manufactured in solid brass with an elegant metal finish
- Includes digital clock
- Stores two preferred time and temperature settings
- Digital display let's you program time and temperature
- Available in seven designer finishes
- Works with Mr. Steam eSeries generators as well as the wireless iGenie® remote control
- Comes with matching AromaSteam steamhead

### The iTempo® Control\*:

- Flush-mounted
- Available in round or square styles, manufactured in solid brass with an elegant metal finish
- Digital display lets you program temperature settings
- Standard 60-minute timer
- Available in seven designer finishes
- Works with Mr. Steam eSeries generators as well as the wireless iGenie® remote control
- Comes with matching AromaSteam steamhead

## AromaTherapy

Scent is one of our most guiding senses. It activates the mind and stimulates the body.

Scent has been recognized for centuries for its potentially profound effects. MrSteam created AromaTherapy as a holistic practice of caring for the body using botanical oils paired with steam.

Essential oils can soothe into a relaxed state, encourage restfulness, and promote a sense of calm.

AromaSteam is AromaTherapy on demand, automatically infusing aroma oil into the steam environment, allowing the bather to be enveloped in the fragrance desired for a personalized experience.

By merging oil and steam into a sensual mix, the AromaSteam System\* injector pump atomizes the oil and creates the perfect in-steam aromatherapy experience.

Mr. Steam's specially-formulated essential oils are extracted from organic flowers and plants. Each aromatic oil offers a distinct fragrance with unique characteristics.

- MrSteam AromaSteam System includes the oil container caddy, hoses, fittings and oil atomizer.

- The exquisite collection of MrSteam essential aroma oils are available in replaceable long-lasting one-liter (33 oz.) bottles.

---

Our goal is to enrich the steam bathing experience and AromaSteam is a powerful component to making wellness a way of life.

## ChromaTherapy®

Like water and heat, light is a fundamental life force, capable of altering your physical and mental state.

From the warmth of a golden amber sunset to the cool depth of the deep blue sea, color transforms and transports you.

## ChromaSteam®

The MrSteam ChromaSteam system suffuses the steam shower with a spectrum of color from airy blue to sensual red.

Select the color that sets the mood you desire, or cycle from one to the next.

Introducing color into our lives, particularly in sanctuaries where we seek to renew and refresh, can promote relaxation to a deeper level.

The ChromaSteam System allows you to select color and modes directly from the iSteam®, AirTempo™ or iTempoPlus® control keypad.\*

ChromaSteam can be controlled from a dedicated wall switch.\* The system includes a built-in low-voltage transformer and color microprocessor.

For mood lighting only.

Chameleon  
Steam Light

## MusicTherapy®

It can drive you to dance joyfully or slide you into soulful silence. The power of music is undeniable.

You create the play list of your life, and that sound-track changes with your ever changing moods.

MrSteam created MusicTherapy knowing that music can soothe and calm or energize and invigorate.

MusicTherapy uses sound to engage you physically, emotionally, and cognitively.

Having the ability to control music in your steam shower engages your senses.

What's your steam sound track?

---

MrSteam's AudioWizard® and in-shower speakers bring fully integrated audio controls\* inside the steam room or shower.

---

Combine steam with your choice of music to relax after a tough workout or a stressful day at work.

## Tune-in to AudioWizard® 2.0

Mr. Steam AudioWizard 2.0, with a sleek, stylish redesign, is ready to bring audio to any room or space.

With the integrated Bluetooth® Audio Streaming System, the AudioWizard can pair up to eight Bluetooth enabled devices, a subwoofer and an auxiliary input.\*

- Compatible with all smart devices equipped with Bluetooth
- Allows you to stream music from your smart device and enjoy it in the steam room or shower
- The AudioWizard's beautiful aluminum enclosure allows for easy installation on a wall or tabletop
- Includes an amplifier, power supply and back lit control if an iSteam control is not specified
- Allows you to install up to four speakers, enabling sound output within the bathroom and throughout the house and outdoor spaces. The speakers can be mounted indoors or out, as well as in a steam room or shower.

## Speakers

MusicTherapy® In-room Speakers are designed for use in any shower, inside or outside the shower enclosure.\*

These elegantly designed speakers create an experience that fully engages the senses.

- 60 watts peak power two-way speakers
- Flush mount design with marine-grade, powder coated grills
- Moisture-resistant
- Come in a matched pair
- Have crystal clear full-range sound with powerful bass
- Music-ready from virtually any source

*Bath & Body*

Beldi Black Soap

200ml  
(6.76 oz)

❧ *MADE IN MOROCCO* ❧

---

Included in this complete line of luxurious, revitalizing bath and body products are Tala Rhassoul Lava Clay, Tala Argan Oil, Tala Moroccan Beldi Black Soap, Tala Face Cream, and the Tala Hammam Exfoliating Glove.

You can purchase all of these products individually or in one heavenly collection:

The *Tala Bath & Body Bliss Kit*.

## Bath & Body Therapy

The Hammam steambaths of ancient Rome and Byzantium were dedicated to the rituals and traditions of cleansing the body, relaxing the mind, and rejuvenating the soul.

To bring you back to the calming origins of the Hammam, MrSteam created *TALA Bath and Body* essential oils, clays, scrubs and soaps.

The word “Tala” originates in the Fez region of Morocco and its roots are profound: “A palm, a cool fountain spring, a beam of bright morning starlight... simply heavenly.”

Created from the pure, natural ingredients of the Moroccan landscape and shaped by ancient bathing traditions, MrSteam’s new *TALA* line of bath and body products immerses the modern-day bather in the rituals of a far-away time.

Transform any bathroom into a home spa with this elegant collection of *TALA* products.

Bathers and wellness seekers transcend their demanding lifestyle and embrace a time when relaxation and renewal were part of every day.
