

# Bring a hot spring to your home-“Relax” FIR Sauna

## ☞ What's the unique feature?

### 1. Special designed cover add with “FIR Energy Fan”:

A special designed cover plus “Energy Fan” together makes the energy evenly supply to the surface cover, as if you enjoy a hot spring, and you don't have to suffering the stuffiness and other uncomfortable feeling.

Special reflect material cover and the FIR whirl make the Far Infrared Ray very even in the cover to let your whole body enjoy the FIR as you stay in hot spring.

### 2. Easily clean, the cover will not absorb any sweats and smell.

This special cover will not absorb sweats and very easy to clean.

(The old wood type sauna can absorb sweats and difficult to clean, for a period will form some smell.)

### 3. The special designed cover won't absorb “direct heat energy” and no need for preheat or warm-up procedure. Very convenient.

(The old wood type sauna will absorb “heat energy”, and need long period of time to warm-up.)

☞ Use “Relax” FIR Sauna after get up, and to boost your energy just like having a jog. Use “Relax” Sauna before bathing same as having a hot bath can discharge all body junks. It's very convenience.

☞ **“Relax” FIR Sauna is useful for prevent aging process, to lose weight, to improve your beauty, to discharge body toxin, as well as to treat the chronic diseases and the cancer.**

## Prevent aging

☞ “Relax” FIR Sauna will make the water molecule vibrated then to increase the circulation, so cells can get nutrition, oxygen easily and also carry body toxins out easily. During the Japan wartime, Japanese people always have a hot spring bath after a fight to take care themselves. Hot spring bath can let a wound healing sooner, and is the best evidence to activate a cell.

☞ “Relax” FIR Sauna let your blood vessel dilated and open skin pores. This can indicate the depression and also relax your mind.

☞ “Relax” FIR Sauna can dilate the blood vessels to improve blood circulation well and get rid of toxins as well. It will prevent wrinkles and make the skin more shining. The cell can get enough nutrition, therefore the muscle and skin will have more elasticity. So you will look younger than you are.

☞ “Relax” FIR Sauna can improve your blood circulation therefore to avoiding some blood related diseases.

☞ “Relax” FIR Sauna can improve your capillary circulation, and to remove the excess toxins from the body, therefore to prevent the various kidney diseases.
